THE AFFORDABLE CARE ACT:

What Nonprofits Need to Know

October 24, 2013

Do you know how health care reform will apply to your organization? Some of the most important provisions in the Affordable Care Act are about to take effect on January 1st. There has been a lot of talk about how the law will impact small employers—not all of it accurate.

Here is your chance to learn what you need to know. Join representatives from the law firm of Patton Boggs, one of the leading experts on the Affordable Care Act, and the DC Health Benefits Exchange Authority. They will explain the major provisions of the law, and how they will apply to nonprofit organizations. They will help you determine if your organization is subject to the employer mandate; which employees must be covered by your health insurance plan; what are the reporting requirements; and what happens if your organization hasn't complied with the law. The representatives for the DC Health Benefits Exchange Authority will also explain how the DC Health Benefits Exchange works, and how much it could cost to provide insurance to your employees.

Don't be left in the dark. Get your questions answered by the experts. Space is limited, so be sure to register early.

The training will be held Thursday, October 24, 2013

from 9:00 a.m. until 11:00 a.m. at:

Patton Boggs LLP

2550 M Street, NW

Washington, D.C. 20037

The training is free of charge.

Participant check-in begins at 8:30 a.m. A continental breakfast will be served.
