

JOIN US FOR AN ONLINE WEBINAR:

THE CURRENT STATE OF UTILITIES IN MARYLAND

Featuring Brandi Nieland, Director of Consumer Assistance at the Maryland
Office of People's Counsel

OCTOBER 21 @ 10:00 AM - 11:00 AM

The essential nature of utilities to the health and safety of all citizens make this topic critically important to our pro bono clients. Ms. Nieland will discuss the current state of Maryland utility providers' responses to the delivery of gas and electric services during the pandemic, including:

- continuation of service,
- payment options, and
- financial assistance and other resources for consumers.

A question and answer period will follow the discussion.
