## Community Legal Aid Celebrates 2020 National Pro Bono Week

During this year's National Pro Bono Week (October 25-31), we would like to celebrate and honor pro bono attorneys and supporters for upholding the access to justice mission. Community Legal Aid's Pro Bono Programs recognizes the commitment, dedication, and expertise of its volunteer pro bono attorneys to address and meet the needs of low-income communities. This year's celebration will feature a panel discussion on racial justice and health inequities. We hope to see you there!
