

FORECLOSURE PREVENTION PRO BONO PROJECT

In the first three months of 2013 alone, there were over 9,300 foreclosure filings in Maryland. The foreclosure crisis continues to impact every part of our State and uproot the lives of many of our neighbors.

You can help!

Volunteer lawyers who enroll in the Foreclosure Prevention Pro Bono Project will receive FREE training in exchange for a pro bono commitment. Participating attorneys will have access to malpractice insurance and mentoring support.

Training will cover:

- Mortgage lending and loan servicing;
- Loss mitigation and loan modification;
- Maryland's foreclosure process;
- Foreclosure mediation: what it is and how it works; and
- Defensive litigation strategies.
