## Rural Justice Collaborative Orientation

In May 2013, OneJustice and Cooley LLP, in collaboration with other Bay Area law firms and legal service providers, launched the Bay Area Rural Justice Collaborative (RJC). The Collaborative was developed to meet the goals of APBCo's IMPACT Project. The RJC's mission is to expand access to legal services in rural and/or isolated communities in the Bay Area through free housing and immigration legal clinics staffed by volunteer attorneys from local law firms. Come find out more about the RJC, how you can get involved, and get trained on basic housing law and Deferred Action for Childhood Arrivals (DACA). MCLE credit available.
